

TRUST THE QUALITY OF REIN AUTOMOTIVE.

Professional Repair Technicians need parts they can count on from a name they can trust. When you provide them with OE-quality European replacement parts from Rein Automotive, you're not getting a "no-name" part in a bag, you're giving them a product that's correct in form, fit, and function, from a name they can rely on.

ANTI-VIBRATION & SUSPENSION PARTS

Over 673 SKUs for a wide variety of European applications, including:

- Camber Struts
- Control Arms
- Drive Shaft Mounts
- Engine Mounts
- Strut Mounts & Bushings
- Sway Bar Links
- Tie Rods
- Transmission Mounts

The Rein program includes OE-quality hydraulic mounts for late model imports and the latest applications.

COOLANT HOSES

With over 500 OE-quality coolant hoses (including 25 SKUs of turbo cooling hoses), our complete program covers most late model European applications — and since they're designed to be OE replacements, all branches and thermoplastic fittings are included. Quick connect fittings are included when necessary, making installation easy.

EXPANSION TANKS & POWER STEERING RESERVOIRS

Our expansion tank and power steering reservoir program includes 37 expansion tanks and 3 power steering reservoirs for European applications. All of these parts are made from virgin plastic that contain no regrinds, ensuring long life. In addition to individual SKUs, we offer 15 different expansion tank kits that include the tank, sensor (where applicable), and OE cap.

POWER STEERING HOSES

Rein offers 175 SKUs of OE-quality power steering hoses for European vehicles. Our power steering hoses come with the needed o-rings, washers, and clamps for installation. All Rein high pressure steering hoses are 100% pressure tested to ensure the highest quality and safety. The full line of hoses also includes 6 oil cooler hoses, 16 turbo oil feed/return pipes, and 8 trans cooler hoses.

WATER PUMPS & THERMOSTATS

Rein offers a select line of European water pumps and kits (40 SKUs) as well as thermostats and thermostat assemblies (16 SKUs). We also carry several complete water pumps and water pump kits that can include the thermostat assembly, temperature sensor, and/or hose. We offer the option of metal or plastic impeller on select pumps. Our first to market problem-solver water pump kit for select Audi/VW TSI 2.0L 2008-2015 includes the complete assembly plus hardware and OE balance shaft belt.

FIRST AID

Some automotive parts have a higher failure rate than others. Based on repair frequency rather than product group, our First Aid program contains over 182 parts professional repair technicians replace most often.

- Shaped Breather Hoses & Breather Hose Kits
- Axle Boot Kits
- Fuel, Oil, & Coolant Caps
- Dipsticks & Dipstick Funnels
- Oil Cooler Hoses
- Switches, Sensors, & Relays
- Power Steering Fans & Boot Kits
- Hardware (incl. one-time use bolts for BMW)
